

## HECO-TOPIX®-plus Glass strip screw

### Product information

- Reduced splitting of timber due to the HECO-TOPIX tip with milling ribs
- Shank ribs reduce the insertion torque
- Suitable for almost all materials used in timber construction
- The small, slightly raised countersunk head design gives an attractive finishing touch
- Chromium (VI)-free coating
- Approved and monitored product (CE-marking)

### The glass strip screw for the professional

#### Small raised countersunk head with milling ribs

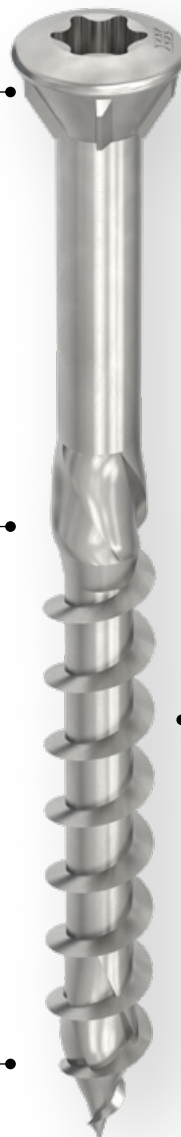

For an easy countersinking and visually appealing mounting points

#### Shank ribs

Permit easy, stress-free driving

#### HECO-TOPIX tip

Eliminates the need for pre-drilling, reduces the risk of the wood splitting

**PerfectPitch®**  
Optimal thread pitch for every screw length
