

HECO-TOPIX®-plus Wood panel screw

Product information

- Gapless joining and mounting with just one screw
- Reduced splitting of timber due to the HECO-TOPIX tip with milling ribs
- Easy positioning and quick assembling especially on hard surfaces
- No creaking of the panels due to the full-thread fixation
- Time savings due to the use of just one screw type
- Approved and monitored product (CE-marking)

The unique wood panel screw with contraction effect

Countersunk head with milling grooves

For a flush sinking of the head in the wood

MagicClose®

Patented full thread pulls timber fixtures together without gaps and without pretension

GripFit®

Single-handed working possible thanks to the HECO-Drive

PerfectPitch®

Optimal thread pitch for every screw length

HECO-TOPIX tip

Eliminates the need for pre-drilling, reduces the risk of the wood splitting
